### OUR NEXT PRESIDENT.

Fifty Thousand People Attend the State Fair at Elmira to See the Coming President.

Thousands of People Shout Themselves Hoarse as the Governor Rises to Speak.

A Well-Timed Address to the Farmer—How He Becomes the Most Independent Citizen.

The Farmer Can Demand the Removal of the Unjust Burdens Upon Agriculture.

**OUR NEXT PRESIDENT AT ELMIRA.**

ELMIRA, N. Y., Sept. 8.—This has been a gala day for Elmira. It is estimated 50,000 people attended the fair grounds. Gov. Cleveland, accompanied by his private secretary, Col. Dan Lamont, and Adjutant-General Farnsworth, arrived this morning. At the governor's special request no demonstrations were made at that hour, aside from the salute of twenty-one guns by the Cleveland battery. The party were met at the depot by Lieutenant-Governor Hill, Mr. M. H. Armat and a number of prominent citizens were present.

**GOV. CLEVELAND'S SPEECH.**

ELMIRA, N. Y., Sept. 8.—Gov. Cleveland commenced speaking at 2:45. He spoke from his carriage in front of Manufacturers' hall and was introduced by the president of the fair. Immediately after Gov. Cleveland arose

A GREAT CHEER WENT UP from the multitude, 15,000 people shouting themselves hoarse. His remarks were listened to with great attention and he was often interrupted with cheers. The governor spoke as follows:

It affords me great pleasure to meet you here today and have an opportunity of inspecting the annual exhibition which illustrates the condition of agriculture in our state. I regard the annual fair as something connected with the state government, because to some extent at least they are fostered and aided by public funds. I am sure that no good citizen

IS INCLINED TO COMPLAIN of the appropriation of a small part of the people's money to the encouragement of this important industry. The fact that this is done furnishes a distinct recognition by the state of the valuable relations which its farmers and its farms bear to the prosperity and welfare of the commonwealth. We boast of our manufactures, exceeding, as they do, largely those of any other state, but our supremacy is clearly shown when we read in manufacture the value of our farms and their products. There is a fixedness and reliability in agricultural pursuits which are not always found in other branches of industry and human effort. The soil remains in its place

READY TO BE TILLED and the farmer with ready health and

brawny arms depends upon the work of his hands and the aid of a kind Providence for the reward of his labors. Thus our farmers are most independent of our citizens. They produce or have within their reach all they need for their necessities and comfort. Their crops may be more abundant at one harvest than another, their products may command a higher price one market time than another. These conditions may expand or contract their ability to indulge in the luxuries or in the expenditures, not absolutely needful, but they should never be in want of the necessities or comforts of life. This is the sure result of patient and well-regulated farming. When the farmer fails and becomes bankrupt in his business we may, I think, confidently look for shiftness or too ambitious a desire to own more land or stock than he can pay for, or an intermeddling with matters that have no relations to his farm, or such mismanagement and ignorance is demonstrated that he has mistaken his vocation.

**FOOTNOTES MAY BE QUICKLY AMASSED** in speculation and lost in a day, leaving a bad example and perhaps demoralization and crime. The trader or manufacturer by vicissitudes of trade or through the fluctuations of the market may be ruined, may in a day be over-come and bring disaster and ruin upon his family or his neighbors, but in the industrious, intelligent and contented farmer the state finds a safe and profitable citizen, always contributing to its wealth and prosperity. The real value of the farmer to the state and nation is not, however, fully appreciated until we consider that he feeds the millions of our people who are engaged in other pursuits, that the product of his labor fills the avenues of our commerce and supplies an important factor in our financial relations with other nations.

I have not come to attempt to please you with cheap and fulsome praise, nor to magnify your worth and importance, but I have come as the chief executive of the state to acknowledge in its behalf that our farmers yield a full return for the benefits they receive from the state government. I have come to remind you of the importance of the interests which you have in charge, and to suggest that notwithstanding the farmer's independence, he cannot and must not be entirely unmindful of the value and importance to the interests he holds OF A JUST AND ECONOMICAL GOVERNMENT.

It is his right and duty to demand that all unjust and inadequate burdens upon agriculture and its products, however caused,

SHOULD BE REMOVED, and that while in furtherance of other interests the state shall have due regard that this important one should not be neglected. Thus by his performance of his duty as a citizen, he will create and secure to himself his share of the result of his toil and save and guard for all the people the most important element in the prosperity of the state.

Saratoga is unquestionably dull, but the waiters have struck an average 17 doubling the rate of their fees. Millionaires will please take notice.

### MAINE.

The Republicans Sweep the State with an Increased Majority.

The Democrats Concede a Plurality of Twelve Thousand for Governor.

The Four Republican Congressmen Re-elected With Fair Majorities.

The House of Representatives will be Overwhelmingly Republican.

A Joint Session Meeting at Augusta—Blaine Called on for a Speech.

#### ELECTION DAY IN MAINE.

THE FATES PROPHETIC.

BOSTON, MASS., Sept. 8.—Reports received from various points in Maine indicate generally fair weather. A full vote is expected throughout the state.

**THE VOTE IN THE PAST.**

PORTLAND, ME., Sept. 8.—The citizens of Maine will to-day elect a governor, four members of congress, thirty-one state senators, 151 representatives and full boards of county officers. The gubernatorial vote of 1880 stood:

Plaisant, Fusion Democrat..... 75,731  
Davis, Republican..... 74,544  
Scattering..... 945

Total..... 151,220

The presidential vote stood:

Cleveland..... 74,022  
Hatchcock..... 72,211  
Weaver..... 4,409  
Neal Dow..... 92  
Scattering..... 139

Total..... 146,873

Showing a Republican plurality of 881 against a majority of 161 in the gubernatorial election. The November presidential vote generally gains on the gubernatorial vote of the same year. The November vote of 1880 was the heaviest ever cast.

Gov. Robie has served one term. Jno. B. Redman, the Democratic candidate, is a younger man, popular and everywhere respected. There is no reason why each should not command a full party vote.

**THE COMPARISON.**

Although the interest in the presidential contest and the outside comparisons will be made with 1880, the figures of the most recent vote, that of 1882, will be used for the press comparisons in conformity with the usual custom in order to give the closest possible estimate of what the present year's vote will be. The gubernatorial vote of 1882 stood:

Robie, Republican..... 75,731  
Plaisant, Fusion Democrat..... 74,544  
Davis, Republican..... 74,544  
Scattering..... 945

Total..... 151,220

Robie's plurality..... 8,187

**AT THE POLLS.**

BATH, ME., Sept. 8.—The vote for governor seems to be running about the same as in 1882. At noon it was over two to one in favor of the Republicans. The presence of the women at the ward room working for the constitutional amendment is a novelty before unknown. The amendment will probably be carried here.

**FIFTY TOWNS.**

PORTLAND, ME., Sept. 8.—Fifty towns give Robie, 15,825; Redman,

18,286; scattering, 811. The same towns in 1880 gave Davis, 17,500; Plaisant, Fusion, 15,561; scattering, 166. The plurality in 1880 was 1969, in 1884 8543, showing a Republican gain of 6574.

**TWENTY-FIVE TOWNS HEARD FROM.**

PORTLAND, ME., Sept. 8.—The election passed off quietly. Augusta, Blaine's home, gives Robie (Republican) 1276; Redman (Democrat) 624; scattering, 42. In 1880 Davis (Republican) had 1105 and Plaisant (Fusion) 899.

Twenty-five towns in Maine give Robie, 10,287; Redman, 6951; scattering, 596. The same towns in 1880 gave Davis, (Republican) 9490; Plaisant, (Fusion) 8353; scattering, 100. The plurality in 1880 was 1133; in 1884 it is 3385, showing a Republican gain of 2253. A plurality elects in Maine.

**ONE HUNDRED TOWNS.**

PORTLAND, ME., Sept. 8.—One hundred towns give Robie 30,750; Redman 22,137; scattering 1540. The Republican plurality 8611. The same towns in 1880 gave Davis, Republican, 29,521; Plaisant 23,163; the Republican plurality 2339, the Republican gain 6252.

**SLIGHT REPUBLICAN GAINS.**

PORTLAND, ME., Sept. 8.—Returns from all sections of the state show slight Republican gains over 1880. The congressional vote is coming in very slow, but at 10 o'clock the indications are that all the four present congressmen will be re-elected. The constitutional amendment was carried by a good majority.

**REED RE-ELECTED.**

PORTLAND, ME., Sept. 8.—Sixteen towns in the first district show gains for Reed of 234 over 1880. Biddleford is not included. There is a large loss there. Reed's plurality in 1880 was 117. The Republican committee's reports indicate that Reed will be re-elected to congress by a fair majority.

**THE REPUBLICAN CONGRESSMEN RE-ELECTED.**

BOSTON, MASS., Sept. 8.—The Journal's Maine special indicates that all four of the Republican congressmen were elected. No Democratic state senators were chosen. The house is overwhelmingly Republican.

**IN PORTLAND CITY.**

PORTLAND, ME., Sept. 8.—Portland gives Robie, for governor, 3671; Redman, 3214; scattering, 63; plurality, 757.

Reed, for congress, falls behind, having 37 plurality, but the Democrats concede his election and the Republicans claim 500 to 1000 majority in the district.

**12,000 MAJORITY CONCEDED.**

PORTLAND, ME., Sept. 8.—The Republicans claim 16,000 plurality for Robie; the Democrats concede 12,000. All the Republican congressmen are re-elected, and state legislature is strongly Republican. It is impossible to give congressional result to-night, but estimates based upon the returns give Reed, Republican, a majority of six hundred in the First district with Dingley, Milliker and Boutelle re-elected in the Second, Third and Fourth districts respectively, Boutelle by an increased majority.

**A REPUBLICAN JUBILATION.**

AUGUSTA, ME., Sept. 8.—To-night the Republicans of Augusta held a great jubilee over the result of the election returns received at Mansion Hall and speeches were made by citizens and visitors. At 9 o'clock a procession was formed on Water street and marched to the residence of Blaine, cheering all along the line. When they arrived in front of Blaine's residence, the band played and the great crowd shouted for Blaine. In response Mr. Blaine advanced to the entrance of his house amid a storm of cheers and spoke as follows:

"Citizens and other friends: The Republicans of Maine may well congratulate themselves on the magnificent victory which they have won. Four years ago this evening we were overwhelmingly humiliated by the loss of this state. Rejoice over the unparalleled triumph which is registered by the choice of the branches of the legislature, by the election of all the representatives in congress, of the county officers in every county in the state except one, and by popular majority for Gov. Robie of perhaps 15,000 votes. The cause of this Democratic overthrow, gentlemen, is known to us all over."

**THE MINERS.**

**The Striking Miners of Pennsylvania Resolve to Continue the Strike.**

PITTSBURGH, PA., Sept. 8.—The coal miners of the Monongahela pools, in convention at Monongahela City today, unanimously resolved to continue the strike and to keep up the camps until the operators concede the demand of three and a half cents per bushel for mining first, second and third pools, and three cents for the fourth pool. When the action of the convention was communicated to the operators and shippers a meeting was held at the coal exchange in this city, and an agreement was signed by all shippers and many of the largest operators that not more than two and a half cents would be paid for mining the first three pools and two cents for the fourth pool. A dispatch from Monongahela City says that a secret meeting was held after the adjournment of the convention. It was decided to call on all the bituminous miners of Western Pennsylvania. This includes the River and Railroad miners and those working in the Clearfield regions, in all about 20,000 men. The object of ordering a general strike is to curtail production with the expectation that it will improve prices.

**Another Failure.**

DENVER, COLO., Sept. 8.—Late this afternoon F. J. Burton & Co., wholesale cigars and tobacco, the Tugger Boot and Shoe company and R. H. Harris & Co., wholesale and retail hardware, stoves, etc., assigned. The latter was one of the largest houses in their line in the state. The failure is a general surprise. The liabilities are \$100,000; assets unknown.
